EXPECT MINES TO RESUME WORK FIRST OF NEXT WEEK

Locals took action on Thursday On Orders From Headquarters

NO ALARM OVER SITUATION

Reports from various districts indicate that but few mines in the bituminous regions, in which the strike has prevailed since the first of the month, resumed operations on Wednesday or Thursday. It is anticipated, however, that work will be generally resumed on Monday. Close observers have noted that when the miners lose the first day or two, there is but little work during that week. The fact that resumption is not general is no cause for alarm, nor is it any reason to suppose there is any disposition on the part of the miners' officials or the miners themselves to ignore the order of the United States Court. Many Locals did not meet until Thursday to receive the official word from District headquarters, and action on the instructions were not taken until Thursday afternoon. That being the case only two days were left of the week, and no doubt the miners generally preferred to wait until Monday to resume operations.

The conference at Washington assembled at 2:30 o'clock, this afternoon and it seems to be the general opinion that with arbitration, to which the operators have agreed, the mining scale will be changed so as to allow an increase in wages over the present rate.

ARRESTED FOR MAKING THREATS

John Farnick, aged 47 years, and his son, Adolph Farnick, aged 20, were arrested at their home in Belle Vernon last Monday night by the State Police and lodged in the lockup at Monessen. They were charged with sending threatening letters. Early Monday evening Mrs. Joseph Ned was looking from a window in her home, when she saw the younger Farnick throw a letter, wrapped about a small stick, on her front porch. She reported the latter to her husband, who investigated and discovered the letter, which contained threats upon the lives of the family and the destruction of the home of Mr. Ned. If his son did not stay away from work at the Pittsburgh Steel company. According to the letter they would be forgiven and no injury would come to them if they remained at home, as the sender of the letter would notify the I. W. W. man who had power to stop the burning of homes and the killing of those who refused to obey the commands of these letters.

Mr. Ned turned the letter over to the State Police, who arrested father and son, who were held for an investigation by the authorities.

A. D. YOUNG DIED SUDDENLY AT WASHINGTON

Alexander D. Young, one of the best known business men of Washington and for twenty-five years deputy recorder, died suddenly at his office in that town on Thursday. Mr. Young was well known throughout the county, and had many friends in and around Charleroi. He was a native of Canada and a member of a family that is now prominent in the affairs of the Dominion.

FINE CONCERT FOR MONDAY EVENING

Perhaps nobody has done anything nearly so practical to foster the love of music in the concert field as Oscar Seagle, the distinguished American baritone, who is to appear here jointly with Barbara Maurel, prima donna of the Boston Opera Company, on the evening of Nov. 17 in the All-Star Popular Concert Series. In the first place, Mr. Seagle has given much study to the folk lore and music of the Southern negro, whose songs in fact with such general appreciation, after which he has added them to his concert repertoire. So thoroughly has he caught the spirit of the Southern negro that it requires no special effort of the imagination to picture to oneself the entire story called up by the song he is singing. His negro songs have won for him great popularity everywhere. It seems that everyone, irrespective of his likes and dislikes in things musical, loves the old negro songs, and when it is Oscar Seagle that sings them, the love is increased tenfold.

Mr. Seagle is the only great artist ever heard in America who has given his audience the prerogative to request that he sing some particular song of their own choice. He is a student of psychology as well as a singer and an artist, and realizes that one is able to appreciate ever so much more the finished product if one has had something to say regarding the choice of material. Of course, the artist of necessity limit the number of "request" songs on each program, otherwise there's no telling just what would happen.

Though Miss Maurel is French to her fingertips, and can sing French chansons as no other artist could, she likewise possesses the native versatility of the French woman, her delivery of songs in English being just as flawless as those in her mother tongue.

Sascha Jacobsen is another unique artist who is to be heard here for the first time. There never has been an American violinist who in any manner of degree approached this young New York either in point of technique or artistry. The critics

Remarkable Man To Preach In Charleroi Sunday Next

One of the most remarkable men in Pittsburgh is coming to preach in St. Mary's church next Sunday morning at 11 a. m. and Monessen at 7:30. Mr. Gouverneur P. Hance, or Brother Gouverneur, as he is best known, He is the founder and manager of St. Barnabas Free Home, for many years at McKeesport, and now at Gimsonia, Pa. The Home cares for incurable men and boys, with a convalescent department for patients from the hospitals who need a week or two rest before going back to work. It is absolutely free, as no money with money is considered, and no pay can be taken for residence. Home and brings the opportunity of it is purely for the sick. The hearing Mr. Hance speak. The home was started by Mr. Hance some 18 years ago without money or friends, but with faith that God all creeds and all colors, and is supported by all churches.

INSTITUTE TO BE HELD IN DECEMBER

Arrangements are being made in Monessen for a joint teachers' institute to be held in the auditorium of the High school building of that town, which will begin Monday, December 1, and continue until December 5th inclusive. The teachers of Rostrevor township will join in the institute, and with the teachers of Monessen will number 170. Splendid instructors have been engaged for the meetings, while four evening entertainments have been provided.

Dr. E. B. Bryan, President of Colgate University, will be present all week, while Dr. Wainman Barbe, professor of Literature of the University of West Virginia, Dr. Wm. D. Brown, superintendent of schools at Pittsburgh, Dr. I. M. Portner, local director of Westmoreland county, and Prof. John A. Entz, Principal of the California Normal, will have places on the program.

The evening entertainments will include Dr. Arthur Waiwyn Evans, a Welshman, who will speak Monday evening on "What America Means to Me," Tuesday evening the Ernest Gamble Concert company, Wednesday evening, Dr. Charles Medbury on the "Man of Now," and Thursday evening the Bertha Farmer Concert company.

PUSHING REPAIRS ON BIG TOWING STEAMER

Repairs on the big steamboat John A. Wood, which will be rechristened the Baton Rouge, are being pushed with all speed at the Elizabeth Marine Ways. The machinery of the boat is also being thoroughly overhauled and the steamer's high pressure cylinders will be re-bored and a new shipping-up jack installed. The repairs to the steamer will not be completed for several weeks yet. When ready for service she will be taken to the lower Mississippi.

CHRISTMAS BOXES TO BE RETURNED

Christmas boxes intended for Charleroi soldier boys, shipped last November, if they never reached their destination, may be recovered provided there are any marks of identification on them by which the name of the owner or sender may be ascertained.

Quite a number of the boxes sent from Charleroi last year were lost, and now the government is making an effort to have them returned, as many of these boxes contained valuable. Miss Minnie Richardson, secretary of the Charleroi Chapter of the American Red Cross, is in receipt of a letter from the headquarters of the Pennsylvania-Delaware Division at Philadelphia, which says that undelivered Christmas packages on hand at the Central Directory Office, Pier 36, North River, and at the Military Post Office, Hoboken, N. J., have been placed under charge of an officer of the Adjutant General's Department, and are being handled as follows: 1. If soldier's address can be found, package is sent to him. 2. If soldier's address can not be found and sender's address is given, package is sent to sender. 3. If neither can be found, package is sent to the dead letter office.

Soldiers who have not yet received their Victory Buttons can obtain the same by sending in a copy of their discharge and they will be sent direct. Buttons for sailors and marines are not yet ready, neither are the application blanks. The local Red Cross office will be glad to give soldiers, sailors and marines all the information they have available on this question.

EASTON-SCHMIDT NUPTIALS WEDNESDAY

Announcement has been made of the marriage in Pittsburgh Wednesday of Belle M. Schmidt, eldest daughter of Mr. and Mrs. John H. Schmidt, of Belle Vernon. Both Mr. and Mrs. Easton are well known in Charleroi. Mr. Easton is a druggist at the Henning Drug store on Fifth street.

ILLEGAL SALES TO BE STOPPED

The battle to make the country alcohol-tight under the enforcement act for war-time and constitutional prohibition will begin in earnest Monday morning next, at which time John F. Kramer, the newly appointed federal prohibition commissioner, will take charge of affairs and direct the \$30,000 officials who will assist him in this work.

More than 500 arrests have already been made under the act, it was reported on Thursday, and beginning with next week it is anticipated that this number will be largely increased unless there is a cessation of activity on the part of bootleggers.

The forty-eight state commissioners will be named from day to day, and it is also planned to the personnel of the already big force, of inspectors of "dry" law who will be organized into flying squadrons. Under tactics now mapped out for the "prohibition army," the flying squadrons will be held in readiness to swoop down upon any sector where bootleggers are operating.

It is known to the government that a great deal of liquor is being disposed of illegally throughout the country in various ways, but with the prohibition army in action it is expected that most of these sales will be broken up and the offenders arrested. The new officials are backed by an appropriation of \$2,000,000 and it is expected that this amount will be used in every effort to enforce the provisions of both the war-time prohibition now in force in the country, as well as the constitutional prohibition which will become effective the middle of January.

"REDS" HELD FOR FURTHER HEARING

The twenty alleged "Reds" arrested at Monessen last Saturday night and Sunday morning by government secret service agents working under the direction of Fred L. Ames, of United States District Attorney E. Lowery Humes' office, were given a hearing before a justice of the peace in Greensburg Wednesday night. Inspector W. W. Sibray, of the immigration bureau at Pittsburgh, attended the hearing and it is said some of the accused men may be deported. Both Mr. and Mrs. Jacob Margolis, a Pittsburgh attorney, and self-styled anarchist, represented the accused men, all of whom are Russians. Following the hearing all were placed in the Westmoreland county jail under \$10,000 bail for a further hearing at Pittsburgh.

Corns 'Tween Toes? Use Easy "Gets-It"

Any Corn or Callus Comes Off Peacefully, Gloriously. Never Fails. It is easy for "Gets-It" to reach "hard-to-get-at" corns, and better yet, it is easy to remove them, because "Gets-It" makes them come

Any Corn Peaks Off With "Gets-It" right off just like a banana peel. You can try to dig or drag out your corns with a knife, or slice them with a "bloody" razor, or use bandages and tape and wrap up your toe into a package, but that's the "great-est-rough" painful, foolish way. Use 2 or 3 drops of "Gets-It" that's the peaceful, sure, common-sense way that never fails. You reach the corn easily with the little glass rod in the cork of every "Gets-It" bottle. WORK THE REMEDY

There was a world sermon in Clemenceau's word to the Alsations. Speaking at Strasburg on the eve of the parliamentary elections the venerable French statesman declared that the salvation of the world depended on the world's willingness to work.

Destructiveness, brutally exemplified by modern warfare, has brought a new phase of human history. It has brought widespread discontent. It has brought demands for new conditions which are partly justified and which are being met as fully as possible by the government of the democratic nations. But above all, it has brought the necessity of work, tireless, conscientious work to repair the ravages of war.

Germany, beaten in war, but now, as ever, keen to read the sign of the times, has been one of the first nations to learn the all-important lesson. Germans long trained in the Prussian school of efficiency, are working as never before. By sheer work they are endeavoring to lay the foundations of German rehabilitation. There are almost no disputes, no quibbles, no jealousies. Each German is working to his utmost capacity. Each German believes that by work the German people may soon be restored to happiness, and that his individual efforts must contribute indirectly but inevitably to his individual happiness.

Outside of Germany there is no similar rage for work. In England there is manifest a desire to shirk, and in France there is the beginning of a laziness which is little more than a natural reaction from the supreme exertion of the war years. In America there is a less excusable tendency to make work something secondary. America has not

suffered as have England and France and Germany, yet it is in America that disinclination to work is today most impressive and discouraging.

Only by steadfast labor, by production to meet not only today's demands but also the extraordinary needs of reconstruction, can anything resembling the pre-war normal conditions be restored. Only by genuine and intelligent determination of each man to do his utmost can there be a stable rehabilitation.

Premier Clemenceau spoke to the Alsations. But his message was delivered to the world. This wonderful old man now about to lay aside the burdens of world responsibility has made his final appeal. It is an appeal to all nations and to all races.—Cleveland Plain Dealer.

ROAD ROLLER IS CAUSE OF SUIT

A ten ton roller left by the roadside near Newell by the supervisors while the road was being repaired forms the basis of a damage suit against Jefferson township, Fayette county, which was begun before Judge Reppert in court at Uniontown on Wednesday. Steve P. Pappus, the plaintiff in the case, ran into the obstruction while driving down the road and used for personal damages for injuries sustained and for the damages to his automobile. Testimony in the case submitted to court showed that a car coming in the opposite direction offended Pappus to the extent that he did not see the obstruction. Witnesses for the defense testified that the roller stood about four feet on the improved road leaving sufficient clearance for two cars to pass. A motion for a non-suit was denied with some self granted permission to raise the same point at the conclusion of the testimony.

WICKERHAM OUT OF LINE-UP OF W. & J.

Harold Wickerham, son of Sheriff F. B. Wickerham, who is a member of the Washington & Jefferson football team, will not be in the game with Bethany College on Saturday, although it is hoped to have him in state for the fray at Morgantown. While in France Wickerham developed a growth on his leg, which gave him some trouble and which physicians told him might cause blood poisoning if it should be injured. After the Pitt game, in which the sore spot was further injured and he decided to have it removed, which was done a few days ago.

FIND AUTHORITIES READY TO ASSIST

Col. Harley D. Ferguson, United States Engineer in charge of the Pittsburgh district, returned to Pittsburgh on Thursday after an inspection down the Ohio river as far as Steubenville on the steamer Swan. He was enthusiastic over the outlook and said that the Ohio river was in freight congestion due to its slack-water system. His trip down stream was to obtain data on terminal facilities at the various towns which he will present to the government authorities in a report to be made later. He found the authorities ready to co-operate and anxious to establish the proposed terminals to properly handle freight which might be shipped by river.

Eat only honey and raw vegetables and you can become a centenarian, according to a Mexican professor. One is reminded of the reply of King Edward VII when told that if he stopped smoking he might live a couple of years longer: "It isn't worth it."

In Memorium
In loving memory of my dear husband Gust Brickner who died one year ago today, November 14, 1918. A precious one from us has gone. A voice we loved is still. A place is vacant in our home. Which never can be filled. We miss his kind and gentle voice, His fond and loving care. Home is not home without him. We miss him everywhere. And when we are sitting alone, In my heart there comes a longing, If you only could come home, A loving husband true and kind, No other on earth like him we'll find. For every one he did his best, May God grant him eternal rest. Sadly missed by his wife and children.

TO DISTRIBUTE BLACK WALNUT SEEDLINGS

Robert S. Conklin, Commissioner of Forestry, stated on Thursday that 150 bushels of black walnuts were planted this fall in the Mont Alto nurseries in Franklin county. The seed was of good quality and should produce 100,000 seedlings which will be available for planting next year. Most of the trees will be distributed to private planters throughout the state, who are anxious to start groves of this valuable tree. The wood of which was in such great demand during the war.

The planting of black walnut seedlings is recommended highly for the tree attains a large size, is attractive, produces valuable wood and yields delicious nuts which are used by man, and furnishes food for many wild animals, especially squirrels.

"MICKEY" DRAWING CAPACITY HOUSES

One of the greatest pictures that has ever appeared in Charleroi is now being presented at the Coyle theatre. "Mickey," featuring Mabel Normand, presents this versatile actress in a film that is pleasing thousands of people every day and which is being highly commended for its artistic ability and its faithful portrayal of human nature. The Coyle is drawing capacity houses to see this presentation, and those who have not yet seen the picture should avail themselves of the opportunity either this or Saturday evening. Special music adds a very pleasing feature to the performance.

Colds Quickly Relieved By Krew-Pina

Also Splendid for Cuts, Burns, Bronchitis, Tonsillitis, Etc.

Colds quickly vanish when Krew-Pina is applied. Cuts and burns are healed promptly. Sore, tired feet are soothed and comforted.

Krew-Pina is a new ointment and has been found an excellent remedy for colds, coughs, croup, tonsillitis and bronchitis. It quickly counteracts a splitting headache and affords prompt relief to pleurisy, asthma and catarrh. One application will knock the pain from cuts and bruises. Corns and bunions are soothed and comforted. Even in cases of eczema, chilblains and piles, Krew-Pina is very effective and quick relief is obtained. Very fine for the children for it is so pleasant to use and contains no harmful drugs. Will not blister or soil the skin. Mothers find it a great help in keeping the little ones happy and contented. A jar should be in every family medicine chest for use in cases of emergency. At all druggists in 25 and 50 cent jars.

FREE Anti-Influenza Sample

Send your name on a postcard and receive an anti-flu sample free postpaid. Keep a little ointment in your postbox and purify the air you breathe. Address: The Krew-Pina Company, Waynesburg, Penna.

Middle Aged Women

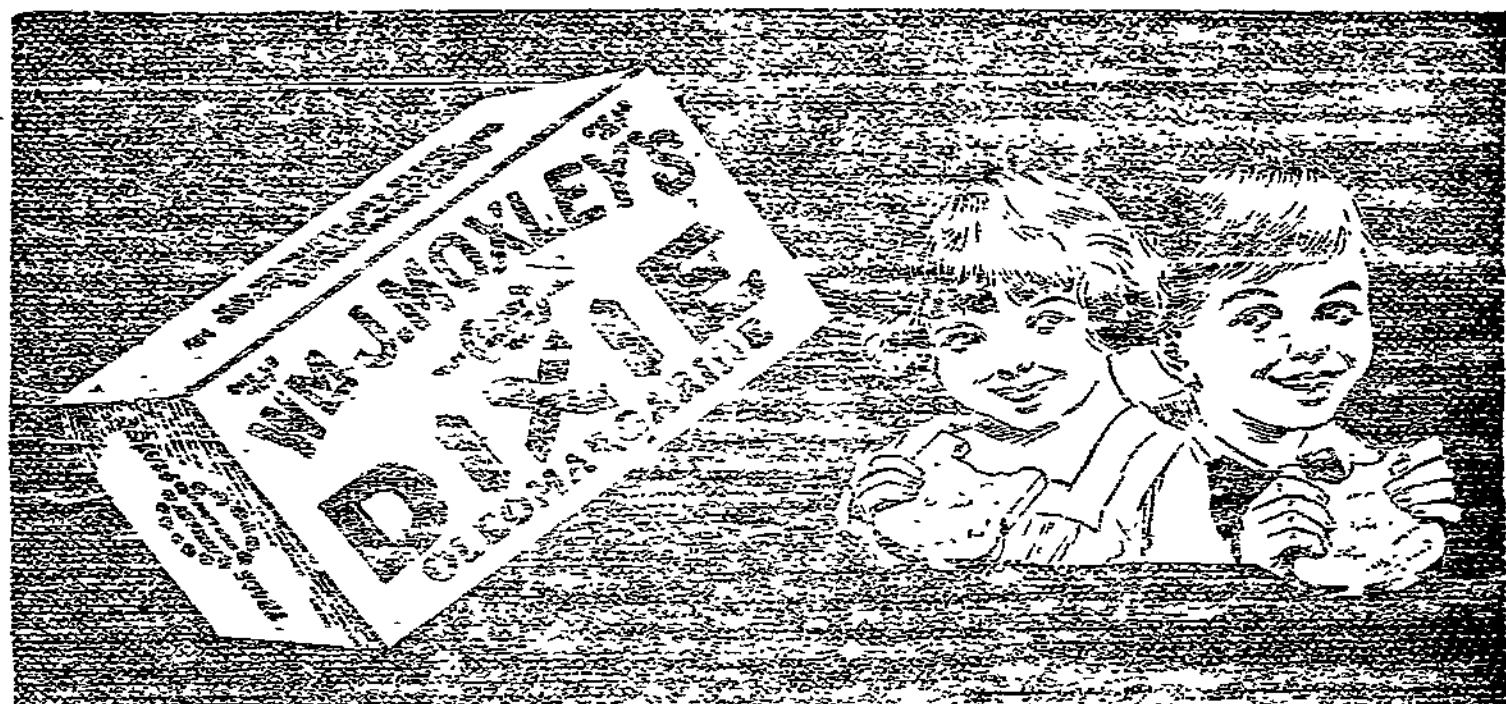

Women should take warning from such symptoms as heat flashes, shortness of breath, excessive nervousness, irritability, and the blues—which indicate the approach of the inevitable "Change" that comes to all women nearing middle age. We have published volumes of proof that Lydia E. Pinkham's Vegetable Compound is the greatest aid women can have during this trying period.

Read About These Two Women:
Fremont, O.—"I was passing through the critical period of life, being forty-six years of age and had all the symptoms incident to that change—heat flashes, nervousness, and was in a general run-down condition, so it was hard for me to do my work. Lydia E. Pinkham's Vegetable Compound was recommended to me as the best remedy for my troubles, which it surely proved to be. I feel better and stronger in every way since taking it, and the annoying symptoms have disappeared."—Mrs. M. Goddard, 225 Napoleon St., Fremont, Ohio.

Urbana, Ill.—"During Change of Life, in addition to its annoying symptoms I had an attack of grippe which lasted all winter and left me in a weakened condition. I felt at times that I would never be well again. I read of Lydia E. Pinkham's Vegetable Compound and what it did for women passing through the Change of Life, so I told my doctor I would try it. I soon began to gain in strength and the annoying symptoms disappeared and your Vegetable Compound has made me a well, strong woman so I do all my own housework. I cannot recommend Lydia E. Pinkham's Vegetable Compound too highly to women passing through the Change of Life."—Mrs. FRANK ALSTON, 1310 South Oranade Street, Urbana, Ill.

Women Everywhere Depend Upon

Lydia E. Pinkham's Vegetable Compound

Judge Hughes stated:

"It is a fact of common knowledge that margarine has been subjected to the severest scientific scrutiny and has been adopted by every leading Government in Europe as well as America for use by their armies and navies." Judge Hughes, is on the Bench of the Federal court of Virginia.

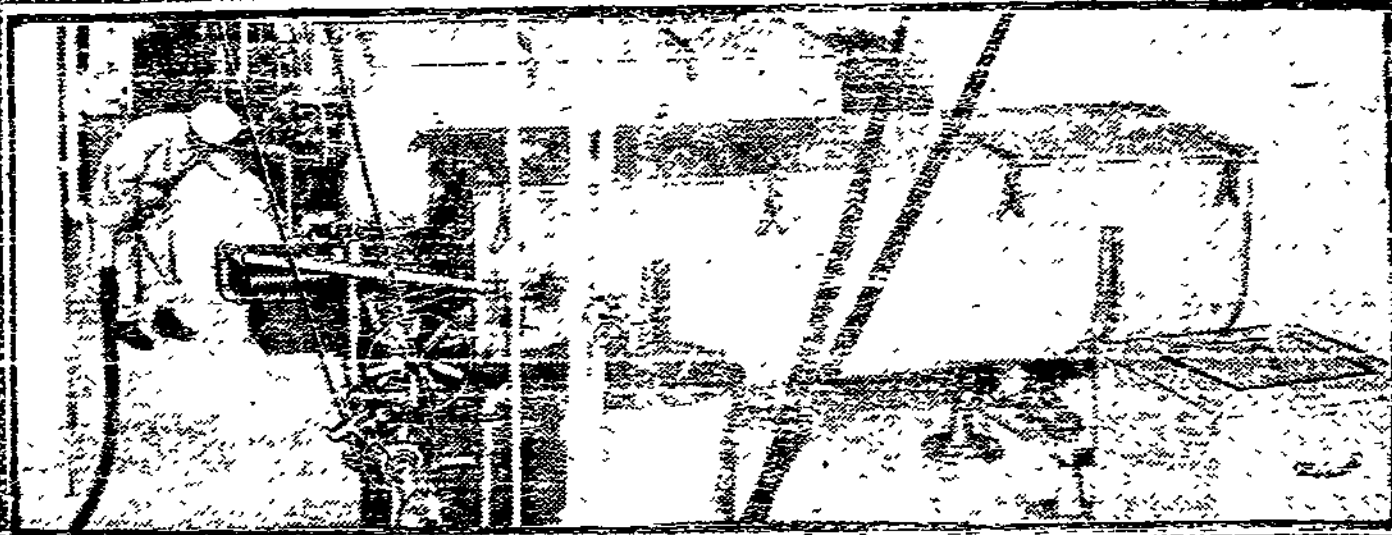

Now we present to you this new margarine "DIXIE," the final supreme production of Wm. J. Moxley, the founder of the margarine industry in America. And we tell you that it is purer and more palatable than any margarine ever made before as well as having a higher food value than butter itself.

All milk and cream are supposed to be pasteurized at the milk stations before they are ever shipped. But as the hundreds of great cans of milk and cream arrive daily at the Moxley Churneries, we re-clarify and re-pasteurize them again in our own great pasteurizers in order to make assurance doubly sure.

Below you will find a picture of one of our great pasteurizers which we use for your double protection.

Try this new margarine—"DIXIE"—and you will find that you will like it for itself aside from the money it will save.

*Pasteurization is the only absolute safety you can count upon. Ask your family physician or your Health Commissioner how vitally important it is.
†Government and all other food reports show that Margarine has a higher food value—more calories—than butter.
